**1 – 1 Learning**

*This week we held our One to One Learning launch.*

This initiative is an exciting and strategic change in our College and I am looking forward to the improvements this strategy will bring to our students learning.

To put technological change into the perspective of our current Year 8's it is worth examining how old these students were when certain technologies were launched.

Our children have not known a world without computerised technology and the phrase Digital Natives has been coined to describe them. The opposite of a digital native is a digital immigrant, that is an individual who was born before the existence of digital technology and adopted it to some extent later in life.

Often for people of my vintage, i.e. digital immigrants, the concept of allowing students to bring their own device to school is a little frightening. Will our children's social skills diminish, will they not know how to speak with each other or not be able to write with a pen? As a PDHPE teacher, I ask will our students become less...
How do you feel when the recipient of someone’s generosity? For me it ranges from surprise and thankfulness to, at times, being dismissive and taking it for granted. I sense I may not be alone on this one and desire to have a more consistently grateful and generous heart.

I recently had the opportunity to attend a conference called Oxygen. It was for pastors, chaplains and others involved in Christian ministry. I’ve reflected on the many examples of generosity experienced during those 2 days. One of these concerned some books. Delegates received from the conference sponsors a small bag of books each day of the latest Christian authors, some speaking at the conference. I was so grateful for this act of generosity. It has also reignited my love of Christian literature which without realising had laid dormant recently. When did you last have such an experience which was a real and unexpected blessing of generosity?

Having the courage to be generous can deepen or repair relationships. The unexpected offer of a kindness to another can be a means of seeking reconciliation where there has been some issue previously. There may be a sense of the unknown in how this could be received which requires courage to proceed. Invariably though, a gesture of generosity, great or small, has positive results.

The old scriptures remind us that “Good will come to him who is generous, who lends freely, who conducts his affairs with justice”. (Psalm 112:5). Generosity seems to be matched with the moral characteristic of justice and a good return in the life of the giver and the recipient.

This term students will have the opportunity to do the same with the annual Samaritan’s Purse Operation Christmas Child campaign. I understand this is an initiative where our College has excelled in generosity in the past.

Stay tuned for more information on this initiative but start collecting some new toys to send in shoeboxes to needy children around the world. Many children in places like Syria and Northern Iraq are experiencing great injustice at present. Might we be motivated by the generosity of God, who gave His own son so that we could be reconciled to God, even when we had turned out back on Him.

Let’s together have the courage to be generous!

May the DNA of our College community be shaped by the values of Courage to Excel, Compassion to Give in the light of the cross of Jesus.

Jim Dayhew
College Chaplain
Students who need to have a mobile phone whilst they are at the College are required to have them switched off whilst they are on school property.

FROM THE HEAD OF SCHOOL

“Foundation day is a special day of the year where we celebrate the founding of the College”

X-NACtor
The heats for X-NACtor are about to begin and we look forward to the finals at Foundation Day in Week 6. There are a number of eager performers who have registered their acts. My thanks to the prefects who have organised this event.

Foundation Day (Friday 2nd September)
Foundation Day is a special day of the year where we celebrate the founding of the College. The Foundation Day Committee has been very busy organizing the events of this special day and information will go home soon. The X-NACtor finals will be held, there will be House games, box-car rally, face-painting, and rides. There are also a number of new surprises. Parents who would like to help in any way on the day, especially with face-painting or cooking hotdogs in the canteen (fund raiser for P&F) are encouraged to contact me at dhamaty@nac.nsw.edu.au or by calling the College on 4421 7711.

Subject Lines for Years 9 and 11 in 2012
Students in Year 10 have completed the subject selection survey for next year. Staff at the College are now working on constructing subject lines. When these are completed we will begin a series of student interviews to assess their choices and fine tune a pattern of study for their senior years. Year 8 will start this same process shortly.

A subject booklet will be handed out in care group tomorrow for parents and students to peruse and think through the two elective subjects they would like to pursue in Years 9 & 10. We will be holding an afternoon tea next week for parents to talk through any questions they may have with the subjects on offer.

Student Leader Elections
Elections for prefects will be taking place soon. This week in care group nominees will give speeches to Year 10 and 11. Immediately following this the online voting process will take place. House and Year leadership elections are set to start soon.

House Sport
This week sees the start of a four week cycle of House Sport run by our Year 11 House Captains. The captains have been looking forward to this and will be running a series of sports for the students with the help of teachers. Each year group will have a turn at one sport each week and play in House teams. Points will be recorded during the weeks and contribute to the overall House Championship.

D Hamaty
Head of School

Recently NAC was represented at the ACT/Southern NSW Interschools Snowsports Championships by Teagan Hunt, Charlie Mullins and Ethan Ford.

Here are the results:
Teagan Hunt
9th place Division 4 Alpine
Charlie Mullins
34th place Division 2 Skier Cross
Ethan Ford
1st place Division 2 Snowboard Cross
4th place Division 2 Snowboard Giant slalom

Operation Christmas Child is underway at NAC again now. Every year the NAC community sends hundreds of boxes to refugees of war, survivors of natural disasters or victims of extreme poverty. Examples of filled shoe boxes are on display in student services and the library. Shoe boxes are available if you do not have your own, just see your classroom teacher / care group leader.

Go to www.samaritanspurse.org.au or see Mrs Jo Barnes-White for more details.

Boxes will need to be brought to school on Tuesday 16th September.
Upcoming P&F events:

**Foundation Day 29th August:**
Donations of cakes or cupcakes would be greatly appreciated on the day to sell. If you can also help out manning the P&F stall please let us know. Many hands make light work!!

**Expressions of Interest for End of Year Dinner:**
The P&F would like to know if parent/carers would be interested in attending a dinner to celebrate the end of the school year. The evening would be a Friday in late November at a local venue and a child free evening.

Before we begin planning we would like to know of possible numbers and if there is an interest in the NAC family community.

Being a huge task, we are also looking for interested parties in helping out to plan, organise and/or run the event. Similarly, donations are also being sought after to be used as prizes on the night.

**Father's Day Stall 3rd September:**
Notes to be sent home shortly
Collection: From Tuesday 19th - Friday 29th August
Wrapping: Monday 1/9 & Tuesday 2/9.
If you can help out with wrapping please join us in the Staff Common Room during these days
Stall day: Wednesday 3/9.
Helpers required to man the stall. Please contact P&F if you can assist

If you are interested in attending and/or can help out with a donation or with the event, please email the P&F at ParentFriend@nac.nsw.edu.au with an indication of numbers and/or how you can assist by no later than 22nd August.

Preschool Newsleteter

**The Building of our Edible Bush Tucker Garden**

During 2013 and the beginning of 2014 we were part of a Parental and Community Engagement Program (PACE), funded by DEEWR. The aim of the project was to provide an opportunity for Aboriginal families and the community to talk about how preschool can improve cultural awareness and engage more effectively with the community. We were funded to complete a culturally appropriate project in consultation with our families, children and community members.

In consultation with the children and families we began planning our Bush Tucker Garden. We also enlisted the assistance of some professionals in the field, Stig and Ben from the nursery section at Bon-deree National Park. Stig and Ben visited preschool to consult with us and then very kindly drew up a plan, noting on it the species of plants we would require and the positioning of them.

We choose the front area of the preschool for the bush Tucker garden. By doing this we hope it will not only be aesthetically pleasing, but a place to share with the community, beyond our gates.

This garden will also be acknowledging the Aboriginal culture and the wealth of knowledge the Aboriginal people have to share with us. We have a wonderful and varied array of plants to nurture and learn about.

On the 14th July 2014 our Bush Tucker Garden was finally planted. Children, parents and educators spent time carefully planting in accordance with our design plan. The garden looks great and we are looking forward to spring when it will start developing new growth. This will be a beautiful space for the children and families to enjoy and learn about bush foods and Aboriginal culture.

Bernice Mathie-Morris and Kim Fenn-Lavington
NAC Year 11 Visual Arts students making their mark!

Anne Kirkby was recently accepted into the National Art School HSC Intensive Studio Practice course which develops students technically, conceptually and intellectually in a post-school setting. Entry to the course is highly competitive and Anne will return to NAS in the next school break to complete her tuition in the field of painting. Anne said that she found the teaching really rewarding and has made some real gains in her painting technique. Look out for Anne’s solo exhibition in the library early in Term 4. Well Done Anne!

Congratulations to Year 11 student Sam Markham who been approached by the international organisation “World Merit” to take photographs for one of their upcoming world campaigns. Sam was given a brief and asked to produce photos for the “Plant a Tree-World Merit Campaign”. The photos were then sent through to the head office of “World Merit” United Kingdom, for approval and were accepted. Sam has now been credited for his great work by “World Merit” and his photos will be displayed on their global community network, World Merit Projects, and will be used in their next international campaign. You can check out more of Sam’s photos on his Facebook or Instagram pages- Sam Markham Photography. Congratulations Sam!

Monique Bobbermien and Isabelle Arenas-Mangan recently participated with five other artists in an innovative youth art project. The “Pop Up Street Art Space” was a temporary gallery space staged at White Sands Park Huskisson as part of the 2014 See Change Winter Arts Festival. Isabelle and Monique created their own designs and painted large 2 metre x 1 metre panels in 6 hours. Their fabulous artwork was appreciated by over 1,000 people who visited the park on that day for the “Art in the Park” festival event. Their work was later exhibited at the Lady Denman Heritage Museum for the duration of the festival. Congratulations to these Visual Arts students for being such great ambassadors for Nowra Anglican College.

Jenny Robertson
Visual Arts Teacher

Positions Vacant: NAC Curatorial Team

Are you a senior school student who is passionate about Visual Arts? Do you think we need a lively culture at NAC with regular art competitions and exhibitions? Do you want professional training in how to organise and present exhibitions? If you say yes to all of these then please apply to join the NAC Curatorial Team.

The purpose of the Curatorial Team is to provide senior school students with the opportunity for leadership and service in the area of the Visual Arts within the College community and the greater community beyond. Our aim is to help students gain skills and confidence to create cultural opportunities and experiences for themselves and their communities, both now in their school life and beyond in their futures. Students participating in the Curatorial Team will also gain an understanding of possible career paths in the arts.

Members of the Curatorial Team will undergo a valuable one day professional development course in curatorial studies with the Shoalhaven City Arts Centre. Ongoing support within the college will be provided by Visual Arts teachers Daniel Jones and Jenny Robertson.

In 2014 we will trial the Curatorial Team program; participants will begin in the middle of Term 3 and continue till the end of Term 4. It is anticipated that from 2015 participants will complete a yearly tenure with training at the beginning of the year.

Boys and girls are encouraged to apply. If you are interested in applying for a position on the Curatorial Team please send an email to Mr Jones (dpjones@nac.nsw.edu.au) and answer the following three questions:
1. Why do you think people need more art in their life?
2. What qualities will you bring to the team?
3. What is your favourite art medium and why (painting/photography/drawing etc.)

Applications close Wednesday 27/8/14.

Happenings in Science

This term is proving to be an eventful one in Science. Late last term approximately 60 students sat the ICAS Science Competition. It is the first time in several years that we have offered this opportunity to our students and we were pleased with the response. The result shave only just arrived back at the College and certificates for those who achieved up to a Credit will be presented these certificates during Long Care Group/Year Assembly. Those who attained a Distinction or higher will receive theirs at this terms Presentation Assembly.

This term has also seen 10 Science Red embark on their Project Based Learning unit on waste management and recycling. They are required to work in teams to develop an end “product” that helps promote or support waste management and recycling in their community. We have groups currently working on things as diverse as proposing to Shoalhaven Council to construct and implement a community garden for the growing of fruits and vegetables, using a compost that is fed by local restaurants and providing food to the disadvantaged and homeless to designing, building and installing basketball hoops on all NAC garbage bins so that kids engage with disposing with their rubbish thoughtfully. We have a group proposing to run an event for the Junior School on waste and recycling with games and events to promote the concept and others designing an app to help community members identify where and how to dispose of waste thoughtfully. They are extremely engaged in the activity and are already learning the skills required to work effectively in a collaborative environment.

Sophie Templeton
Curriculum Leader - Science

Friday 22nd August is daffodil day

The Senior School is having a Dress Yellow Day

Students can dress in yellow for the day and are asked to make a gold coin donation to the Cancer Council. A large number of rewards will be available for those who dress yellow or who donate a gold coin to the cancer council. There will also be a limited number of bears and badges available for sale in the week leading up to Daffodil Day – please see Ms Turner in the Science staff room or students from 8 Proctor.

Please note: this is NOT a general mufti day – full school uniform applies if you are not in yellow

How your Daffodil Day dollars can help beat cancer

- $5 can help us give a newly diagnosed cancer patient important support and information resources for what’s ahead.
- $10 can help provide online support for patients and families to learn more about cancer risk, or what a diagnosis means, from the comfort of their home.
- $25 can provide a cancer patient with financial advice on budgeting, superannuation, insurance and debt management.
- $50 can help fund a call to a cancer nurse on 13 11 20, that provides free and confidential information and support on all aspects of cancer.
- $100 can help fund ground-breaking research into new and better ways to prevent, diagnose and treat cancer.

Sophie Templeton
Curriculum Leader - Science
The Senior School Athletics Carnival

The Lord blessed us with a fantastic day perfect for an Athletic Carnival. We unfortunately started almost an hour late due to the buses getting stuck in a traffic delay. This meant that we had to work as hard as possible to catch up as much time as possible. This year saw a new program put in place to encourage as much participation as possible and we definitely achieved that. In fact, with the delay in starting and more student participation it meant that we were going to struggle to catch up the time, however with some very hard work from all staff and students we managed to squeeze almost everything in.

During the carnival, students were in one of two places; Track Races or participating in the novelty events; Field Events and watching and cheering on their age group if no participating. This meant that all were involved (apart from their breaks) all day.

School records broken on the day were:

- Dante Hyam, Boys 12yrs, Shot Put: 9.85m
- Jesse Buckham, Boys 13yrs, 1500m: 5:08.78
- Thomas Pascoe, Boys 15yrs, 800m: 2:14.99
- Jaymee Bryce, Female 16yrs, Shot Put: 10.41m
- Jacob Barnes, Boys 17yrs, 200m: 25.17
- Mia Davidson, Female 17yrs, Discuss: 20.92m
- Amy Aquilina, Female 18yrs, 100m: 15.08
- 800m: 3:30.54
- Alana Dolan, Female 18yrs, Shot Put: 7.31m
- Discuss: 20.19m
- Madelyn Robertson, Female 18yrs, 200m: 35.80
- Tim O’Shea, Boys 18yrs, 800m: 2:17.86
- 1500m: 4:45.30

Congratulations to our Age Champions:

House Champion

- 1st: Best, 2,538
- 2nd: Procter, 1,981
- 3rd: Trickett, 1,877
- 4th: Hargrave, 1,742

Congratulations to Best on a convincing win and all students for a wonderful day of competition.

We look forward to the SASSA Athletic on the 21st August with 75 students competing.
Transition from Primary to Secondary School

A review of international research indicates that the transition from primary to secondary school can be a stressful time for children. There are special benefits to belonging to a K-12 school where resources, not normally available in a typical primary school are ‘on tap’. More importantly, many opportunities exist for close collaboration between staff in the Senior School and Junior School. The goal is always to maximise these opportunities to provide the best possible learning experiences for our students.

One of the ways we do this is through our JSE program where Stage 3 classes have a lesson each week with a Senior School teacher. Over the course of a year they study English, Science, History, Technology and Applied Studies (TAS).

In their philosophy classes, Years 5 and 6 learn to question, to reason, to think logically and analytically about life’s big questions.

Last week our Year 6 students enjoyed a Taste of TAS where they were treated to a ‘day in the life’ of the Senior School. As these photos attest, students enjoyed meeting the teachers, learning about the timetable and exploring the Senior School classrooms.

Transition from Pre-school to Kindergarten

The transition from pre-school to ‘big’ school can also be a stressful time, having been described as “one of the major challenges children face in their early childhood years” (Early Childhood Research and Practice). At Nowra Anglican College, our orientation program effectively allows children to become familiar with their environment and to look forward with great anticipation to that very special ‘first day’ of school.

On Thursday 21 August, our Parent Morning has this topic as its focus. Our College Counsellor, Mrs Jodie Robinson and one of most experienced teachers, Mrs Janette Mathew will speak on the topic: School Readiness-Ready or not-Here I come!

We warmly invite you to the College Library from 10.00-11.30am to hear Mrs Robinson and Mrs Mathew.

Susan Pearson
Head of Junior School

Junior School News

We welcome two new students and their families to the Junior School: Isabelle Thaler 3M and Ashlee Cummins 6S

Visit to Federal Member for Gilmore

Last Wednesday I accompanied our captains, Lily Morris and Angus Templeton and vice-captains, Ashleigh Yang and Matthew Trewin to the office of Ann Sudmalis, Federal Member for Gilmore. We joined with student leaders from other schools in the Gilmore electorate. Ann Sudmalis described what it is like to represent her electorate and shared her experiences as a politician. The students asked lots of interesting questions about parliament, question time and about the vicissitudes of this busy and responsible position. This was a valuable opportunity for our students which they have been able to share with their peers at school.
**Student Leadership Elections**

Students in Years 5 and 6 have been invited to nominate for leadership positions in the coming year. Our morning assemblies will provide a great forum for nominated students to introduce themselves to the rest of the Junior School and to say why they would like to serve their school in a position of responsibility. The positions are:

- Captains (one boy/one girl)
- Vice-Captains (one boy/one girl)
- House Captains (one boy/one girl for each House)
- Year 6/7 Captains (one boy/one girl)

**National Literacy and Numeracy Week**

National Literacy and Numeracy Week will be held from 25–31 August 2014. At Nowra Anglican College, we will be celebrating this week with a number of reading, writing and maths activities:

- **Board of Studies WriteOn Competition**
  Every student in Years 1-6 is participating in this writing competition which requires the writing of an informative, narrative or persuasive text in response to a photograph. We are holding our own ‘in house’ completion first so that we can select the best entry from each stage for submission to the competition.

- **Fact-a-thon**
  This week your child will be bringing home a sheet (relevant to their year group) to practise maths facts. At school we will be holding our fact-a-thon and students will be competing in house teams. The overall aim is to help our children remember maths facts with speed and accuracy. We ask parents to quiz, to encourage and to support your children as they learn their maths facts.

- **Fun Maths**
  We will be having a day of Maths activities where the students will participate in wide range of activities. Years 5 and 6 will be running maths games for K-2.

- **Read for Australia**
  We will join schools around Australia in reading Sunday Chutney by Aaron Blabey which explores themes such as friendship, self-reliance and the importance of family. A video of the Sunday Chutney will be made available for schools to use for the simultaneous read. Parents are welcome to come into classrooms on Thursday 28 August from 2.15pm to listen to the story.

**CREATIVE FORCES  Sculpture in the Junior School**

Junior School classes have joined forces with Senior School teachers and taken advantage of their expertise in art and wood technology to enter the Shoalhaven Libraries Children’s Book Week sculpture competition. Students participated in classes run by Art teacher Daniel Jones and constructed sculptures of book week characters by gluing together small pieces of wood to create their chosen character.

The classes were held in our College art rooms and the students had an absolutely wonderful, engaging experience building their characters. The tactile, hands on nature of the task was really appreciated by the students and everyone who participated was able to produce a finished sculpture using the glued wood technique that is also used by our Year 8 cohort.

Some of the best examples are on display at Nowra Library with many more on display in the classroom. It was a great opportunity to work with such skilled teachers in the Senior School and a project that the kids enjoyed immensely.

Nowra Anglican College
The Nowra Cricket Club is running the MILO "In2Cricket" Program for girls and boys aged 5-9 years. It’s a fun way to learn new cricket skills.

The cost this year is only $65 - includes, Milo Back Pack, Cricket Bat/Ball, Shirt, Hat, Water Bottle and other great goodies.

Starting October 9th held on a Thursday afternoon 5-6:30pm at Nowra Showground.

Runs for 11 weeks.
Contact David Schofield - 0425 204 276

SUNDAY 14TH SEPTEMBER
A Festival of Singing
Come along to hear and sing your favourite hymns followed by afternoon tea.

Time: 2:30pm
Where: Scot’s Presbyterian Church
Address: 83 Victoria Street Berry
Costs $10 - all proceeds go towards SECET (Shoalhaven Employers of Christian Education Teachers)

For more information:
Choir Website:
